Stunning Surface Decoration

With Sue Dennis

Skill level: suits all

Have you wondered what an oil stick is and how you use it with textiles? Get all your questions answered in this hands-on class with art quilter Sue Dennis, who has been using oil sticks in her work for the last 10 years. Have fun while you produce your own distinct fabric to use in future projects. Create several unique pieces of textured and patterned fabric.

Then in the afternoon explore fabric decoration with printing techniques. Surface decoration has never been easier - by printing a variety of found objects, stamps and vegetables we will create our own unique fabric to be used in future projects. You will learn a simple process and produce overall patterned designs or panels.

Tutor will provide the following materials for use in class:

Shiva Iridescent Oil Sticks, rubbing plates, objects supplied by the teacher, paper towel, and a range of other incidental items.

Five hand dyed fat quarters will be supplied for the day's activities.

A printing kit will also be supplied containing three 40ml jars of Lumiere paint (or similar), a sponge and plate.

Students are to bring:

- Newspaper for a printing pad
- Disposable gloves
- \$52 in cash in an envelope with your name and class name on the front. Pay direct to tutor at the start of the class.

Optional:

- An apron or coverall
- Note pad and pen
- Glasses if required

Suggested for your comfort:

- Cushion in case your chair doesn't suit your height.
- Bring a non-spill water bottle.
- Label your possessions with your name.
