ONE DAY CLASS

Wonderful World of Weaving

With Cecile Whatman

Skill level: Suits beginners to early intermediate levels

Discover how easy it is to create unique fabrics through weaving fibre, yarns and fabric. Looms will be provided and you will make two to three unique fabrics using different weights and fibre content. Finished pieces can then be stitched into quilts, bags or garments or mounted and framed. You will learn how to thread the loom as well as weaving and finishing techniques.

A kit including sufficient yarns and fabric to create the three class samples is available. Looms will be supplied free of charge for use in class and can be purchased cheaply after class if desired. Kits include yarns from *Louet* and *Rainbow Wools*.

Tutor will provide a kit containing:

Project materials:

- Two balls of colour coordinated sock yarn (different colours that will work together)
- Two balls of yarn 50grams. One should be approximately 6 to 8 ply. The other should be a coordinated fancy yarn such as *Feathers*.
- Approximately 30cm of cotton patchwork fabric cut into one inch strips. A mixture of scraps can be used.

OR

Bring your own Project Materials

Tutor will also provide:

- A range of other incidental items

Students are to bring:

- Either the Project materials listed above

OR

- Kit fee: \$55 in cash in an envelope with your name and class name on the front. Pay direct to tutor at the start of the class.

Optional: Students may also find it useful to bring:

- Note pad and pen
- Wrist support if required (you will be moving your wrists back and forth a fair bit when actually weaving.)
- Glasses if required

Suggested for your comfort:

- Cushion in case your chair doesn't suit your height.
- Bring a non-spill water bottle.
- Label your possessions with your name.
